

Still Raging

Fire Spreads, Uncontrolled in all Areas

MALIBU, Calif. (UP)—A brush fire that has blackened 22,000 acres, taken one life and razed 50 structures in this movie colony resort area, today leaped a quarter-mile firebreak into adjoining Ventura County.

Six aerial tanker planes from Santa Monica were "bombing" the area with a water and chemical mixture in an effort to check the advance.

Helicopter flights were made over the fire's 30-mile perimeter this morning and Jack Burke, California Division of Forestry officer, indicated there was no control in sight. Fire fighters doubted the blaze could be brought into hand before three or four days.

MORE THAN 1,000 fire fighters were massed in the area during the night and evacuation of residents from threatened canyons continued. Additional help came with the arrival of Marines from El Toro Marine Base. Hundreds of families fled the area.

In the Mulholland Highway region where Los Angeles and Ventura counties meet, a new swath was cut by additional bulldozer reinforcements rushed to the scene. However, the flames spanned the break and poured into the adjoining county. Ventura fire crews, massed equipment to try to contain the blaze.

VENTURA COUNTY already has another blaze which began Wednesday afternoon and has consumed 3,000 acres of brushland in an oil field area.

Cabazon Police Chief Plans Appeal, Others to Appear

Cabazon's "red light" case against Police Chief Robert Morton moved into its second round today as the chief filed appeal on a court decision that last week tagged him with a \$500 fine.

Meanwhile, other Cabazon city officials prepared to answer charges of misconduct in office at Superior Court today.

Invited to appear at 2 p.m. on a Grand Jury complaint charging misappropriation of traffic safety funds are Mayor L. Dee Talbert, Councilman H. O. Hicks, who both signified they would appeal, Councilmen Elmer N. Bang and Lloyd V. Williamson.

MORTON YESTERDAY handed San Geronimo Judicial District Court Judge Ray Hawley notice of appeal to Superior Court on conviction and sentence of charges that the chief mounted a red light on his private car without obtaining a proper state permit.

7,000 Licenses Ready at Bank for Action Jan. 2

Ready to meet the biggest auto license tag business in its history, the Palm Springs Bank of America Branch has stacked up 7,000 new red 1957 tags for resort area motorists.

Bob Hays, in charge of the bank service aiding the Motor Vehicle Department's license renewal program, said he expects almost 2,000 more applicants than last year's 5,000 plus.

Distribution of the tags through the teller's window at the bank branch, 150 North Palm Canyon Drive, will be handled by clerk Rose Poist.

Hays said the bank will issue the red tags, which are designed to be pasted over the year numeral on license plates, to owners of all vehicles, except motorcycles.

The bank will only process applicants holding statement, or "potential fee" cards issued by the state. New car buyers, owners recording transfers and motorists who did not receive the statements must get their tags at the State Department of Motor Vehicles, officer Hays said.

Tags will be issued at the bank during regular banking hours, from 10 a.m. to 3 p.m. Monday through Friday, from Jan. 2 through Feb. 4.

Army to Draft 14,000 in February

WASHINGTON, D.C.—The Defense Department announced today that 14,000 men will be drafted in February for the Army.

That represents a cut of 3,000 men from draft calls for the preceding four months.

The Defense Department said the lower draft call for February reflects higher enlistments in the active and reserve forces that traditionally take place in January and February.

Fire Chief Keith Klinger said the use of aerial tankers to dump water on the fire has been held up because of wind conditions. Gusts which had fanned the blaze quieted during the night but were expected to begin whipping the area with a 40 to 60 mile an hour force by noon.

FIRE OFFICIALS voiced a fear that the flames would work their way toward San Fernando Valley as the conflagration spread uncontrolled in every direction.

The fire, second worst in the history of the county, spread slowly during the night and a survey was being made by the U.S. Forest Service to determine the relation of the weather to the fuel condition of the tinder-dry brushland.

Nearly 200 persons have been left homeless and the Red Cross set up emergency stations to feed and house those persons who lost homes. More than 1,000 persons were evacuated from their homes Wednesday but many were unable to return as flames swept away from the houses and turned inland.

The chief also indicated he will fight Hawley's denial of a motion for a new trial and Morton's application for probation.

Deadline for payment of the fine, plus \$2 as a state driver education course payment, was yesterday. Pass residents had donated \$200 towards payment of the fine, it was reported, but the money will now be used to push the appeal.

MORTON IS NOW at liberty on his own recognizance pending outcome of the appeal.

Facing expulsion from public office, if convicted of misconduct charges, Talbert and Hicks indicated they would put up a fight. Bane and Williamson have already resigned their council posts.

Court officials said they expected the district attorney's office to drop the charges against Williamson and Bane because of their resignation.

Dr. Goldberg Honored for Hospital Work

For his "outstanding service to Riverside County," Dr. Benjamin Goldberg, of Palm Springs, yesterday became the first recipient of a new annual service award created by the Board of Supervisors.

The award, to be given each year to the county citizen performing the most outstanding voluntary service, was presented to Dr. Goldberg for the "efficient manner" in which he completed modernization plans for the Riverside County General Hospital at Riverside.

The board ordered Clay Begole, county administrative officer, to create a plaque to serve as the annual supervisor's award.

Citing Dr. Goldberg's work in bringing the hospital project close to reality, Supervisor Fred McCall said: "If it were not for Dr. Goldberg, we would not be calling for bids for the hospital, and we would not have received state and federal financial aid."

Reds Draft Farmers for Mine Work

Hungary Seeks To Stave Off National Disaster

VIENNA, AP—Hungary began drafting peasant farmers into the coal mines today in a desperate attempt to get production going and stave off a "national disaster," Radio Budapest reported.

It said some peasants already had started work in the mines of Pecs, near the Yugoslav border. Some of the heaviest fighting of the Hungarian uprising occurred in the Pecs region and partisans were still fighting Russian troops as recently as two weeks ago in the area.

THE COAL SHORTAGE and the resultant lack of power has closed down virtually all of Hungary's industry. The government warned that as a result up to 200,000 workers would lose jobs "permanently" in the new year.

The warning was sounded while Hungarians faced up to the grim realities of life under the Soviet imposed-Janos Kadar regime after a three-day Christmas holiday respite.

Hungarians were permitted to celebrate Christmas in the old way for the first time since the Communists seized power in 1948. The puppet regime was believed to have encouraged the festival in an attempt to divert attention from the nation's economic plight.

THE GOVERNMENT'S action in forcing farmers into the mines indicated it has had little success in its door to door appeal for "volunteers" from the idle factories. Although the workers went back to their jobs today after the three-day Christmas holiday, production remained at almost a standstill for lack of coal and power.

Russians Hold 1.3 Million Slaves in a 'Living Hell'

MAIZURU, Japan, AP—The Russians are holding 1.3 million prisoners in "living hell" slave labor camps in the frigid wastes of Northern Siberia, repatriated Japanese war prisoners said today.

The story of the horror prisons at Karyma was related by three of the 1,025 Japanese prisoners who were repatriated from Siberia Wednesday after 11 years in Soviet captivity. Takahiko Hase, Toshitane Ando, and Seichi Sato said they were imprisoned at Karyma until last October.

The three described the Karyma prison camps as "graveyards." They said the prisoners, listed by the Soviet authorities as the "worst criminals," include Ukrainians, Poles, Hungarians and Germans among others.

Japanese prisoners said the Russians were planning to bring in Hungarian freedom fighters deported during the Hungarian rebellion to take the place of the Japanese.

Three Named To Police Force, Deputies Decline

Former area deputy sheriff's Carroll Vogelaar and Paul Lewis declined at this time to accept appointments to the Palm Springs police department, but have asked City Manager R. W. Peterson to retain them on the availability list.

This was reported by the city manager this morning when he announced the appointment of three new officers to the police force.

APPOINTED, SUBJECT to their acceptance, are:

Richard Larson, 30, of La Quinta, a builder, no previous law enforcement experience.

Charles Beason, 25, of Long Beach, who has served for a year and a half with the Long Beach police department.

William Ward, 25, of Redlands, who has had one year in the Culver City police department and a year and a half with the Redlands department.

THE APPOINTMENTS were made by the city manager on recommendations of Chief of Police August G. Kettmann.

The men will be notified and are scheduled to start as soon as they can report for duty. They fill the last three vacancies on the local department.

Peterson said that six men are now left on the availability list.

Aluminum Plant Explosion Kills One, Injures 13

NEWMAN, Ga., AP—A smelter in an aluminum extrusion plant exploded here today, killing one person and injuring 13 others, several of them critically.

Company officials said three other workers who were reported missing were located "up town" after the blast.

One worker was reported to have been thrown 100 feet by the explosion which shattered a large one-story frame building of the William L. Bonnell Company. The man was found beside a nearby railroad track. He was one of those in critical condition.

Send Advance Gifts Now To Community Chest, Appeal

There is fear that the Palm Springs Community Chest's drive for funds during the current campaign may fall far short of its \$50,000 goal.

This fear was expressed today by Dewey Metzdorf, campaign chairman, because the appeal for advance gifts is approximately two weeks late in getting under way.

"It must be remembered," said Metzdorf, "that advance gifts have for years made up approximately 50 per cent of the total amount of money needed for each year's operation."

THESE ADVANCE gifts are sent in by persons who wish to make all charitable contributions before the close of a calendar year because of tax reasons.

The campaign chairman pointed out that there remains only a few days before the end of the calendar year of 1956. He said letters have been sent out appealing for these advance gifts but due to the heavy

Ohio Has Snow, Rest of Nation Fair Weather

By UNITED PRESS A two-to-four-inch snowfall swept Northeastern Ohio today, but most of the rest of the nation again experienced generally fair weather.

Scattered snow flurries occurred in the Great Lakes Region and eastward along the Northern Ohio Valley into Pennsylvania and New York State.

The heaviest accumulation was in Northeast Ohio where high winds also caused some drifting. However, temperatures in the upper 30s during the day are expected to turn the snow into slush.

Fog overspread Eastern Oregon and Southern Washington and pushed into the valleys of Northern Idaho.

Temperatures were mild in the Mississippi Valley and the Great Lakes Region, dropping no lower than the 30s overnight. Readings in Eastern Montana were in the 40s and 50s, similar to the lows recorded in Florida and Southern California.

Indian Avenue Lighting Set For January 8

Lighting ceremonies for the Indian Avenue lights has been set for Jan. 8, it was learned today from Frank Hamerschlag, director of Public Works.

Installation of the poles and lights was delayed by the unavailability of parts, but is now completed. Workmen are expected to start stringing the wire today.

The lamps, which are color corrected mercury vapor lights, will be tested in the daylight hours, and the lights will not be turned on at night until Jan. 8, at the lighting ceremony.

They will be turned off and on by electric eyes, and unlike the palm tree lights on Palm Canyon Drive, they will burn all night. On the drive, electric time clocks turn off part of the lights at midnight, some of them earlier in the morning, and then all are turned off by the electric cell at daylight.

New Violence Threatened in Tallahassee

Buses Fired On In Alabama, No One Injured

By UNITED PRESS

Determined attempts by Negroes to desegregate buses in three Southern cities today brought gunfire and arrests, and new violence is threatened this afternoon when Negro ministers in Tallahassee, Fla., will sit up front in defiance of white attempts to block such action.

In Birmingham, Ala., the White Citizens Council is seeking to prevent such occurrence there by posting so-called "minute-men" in every bus. Their duty will be to see that Negroes keep to the rear, but no trouble is anticipated as Negro leaders there have decided to carry their fight to the courts.

Earlier in Tallahassee, Fla., an unusual twist to the Dixie race issue found the local bus company on the side of the Negroes. Nine drivers and a company manager were arrested there for failing to enforce segregation rules.

IN MONTGOMERY, Ala., two buses were fired on but there were no injuries.

In Birmingham, Negroes had voted to hit the industrial metropolis with a mass integration attempt but later toned down the threat with a suggestion that each Negro "use his own conscience" about where to ride.

In Mobile, Ala., where the bus firm voluntarily announced a desegregation policy, later countermanded by the city commission, a morning check showed no attempt by Negroes to ride on front seats.

NINE .22 CALIBER slugs riddled one bus in Montgomery and shotgun fire smashed a rear window in another Wednesday night, causing occupants to "hit the floor." They escaped injury.

As the situation grew tense in Birmingham, Alabama Public Service Commission President Jack Owen warned that the transit service there might be forced out of business if its "narrow margin of profit" is cut by integration moves.

Soviet Leaders Survive High Echelon Change

WASHINGTON, Dec. 26 — Soviet leaders seem to have avoided any important shakeup in their high command which might be interpreted as a sign of Kremlin weakness, Russian experts said today.

So far as Washington knows, no changes were made in the top-level Presidium of the Central Committee at its last-ended meeting in Moscow.

THERE HAD BEEN advance reports that Marshal Georgi K. Zhukov, World War II Soviet hero and a friend of President Eisenhower's, might be promoted from alternate to full Presidium status. The Presidium has 11 full members, and five alternate members.

Even Maxim Z. Saburov, who was ousted as chairman of the state commission for current planning, apparently stays on as a full Presidium member. Saburov was replaced as planning chief by a fellow Presidium member, Mikhail G. Pervukhin.

Experts aren't convinced the Soviet leaders have given a true picture of what they really talked about in Moscow. All the public emphasis was on the shakeup in the economic planning staff.

MORE NEWS MAY leak out later on any high government personnel changes and the role international affairs, particularly the crisis in the satellites, played in the top-level Soviet meeting. One official observer said he found it difficult to believe that the top Reds had not talked "about Hungary."

Russia's troubles in Hungary, Poland and Yugoslavia, coupled with some unrest at home, have given rise to widespread reports of Kremlin friction. It has been suggested that an all-out battle for top Soviet power is being fought.

Tucker Dies At 53, Dream Of Auto Gone

YPSILANTI, Mich., Dec. 26 — Preston Tucker, a young man with visions of an auto empire in 1946, but a financial ruin by 1950, died Wednesday of cancer at the age of 53.

Existing auto firms hadn't dusted off peace-time machinery in 1945-46 when the handsome Tucker, a "mystery man," unveiled sketches of the revolutionary tear-drop "Tucker Torpedo."

The government indicted Tucker and seven other executives of his firm for stock fraud, mail fraud and conspiracy. But a federal court jury acquitted the defendants and Tucker charged until his death opposition by powerful figures of the auto industry, political and financial worlds prevented his success.

Fortune bloomed briefly after Tucker described his car in February, 1946. And here are some of the features which grasped the public's imagination and have since appeared—or may still appear—on production cars:

Torque converter automatic transmissions; a rear-drive engine; individual four-wheel suspension with torsion bar springing; reinforced interior with padded dash; pushout windshield; cut-proof glass; aircooled disc brakes; fuel injection; two-cylinder, high compression 150-horsepower engine; steel and plastic body; interior airconditioning; headlights turning with the wheels plus a third center headlight, and doors sliding into the roof.

Village Tavern Owners Are Warned of New State Law

Owners of Palm Springs taverns and restaurants serving alcoholic beverages were warned today that new state liquor license laws go into effect Jan. 1.

Police Chief August Kettmann said that two types of licenses will be issued under a new Alcoholic Beverage Control Board order resulting from results of the November election, changing the liquor control laws.

The new law provides separate regulations for establishments serving food and those which do not.

KETTMANN POINTED out, however, that the new laws will not immediately be enforced. It will take some time, he said, before the board determines which establishments are entitled to what kind of license.

The first category covers restaurants which serve liquor and whose food sales exceed 20 per cent of the gross revenue.

The second type of license governs taverns in which food revenues are less than 20 per cent of the gross income, or which do not serve food at all.

UNDER THE FIRST category, the law provides the number of hours in which food must be served each day. For example, Kettmann explained, restaurants opening at 8 a.m. must serve food for at least five hours in one 24-hour period.

Kettmann also stressed the point that taverns falling into the second category, those not required to serve food, are violating the law

77 Marines Hosted by Village Christmas. 5 Get Surprise

Palm Springs area residents and hotelmen played host on Christmas day to 77 Marines from the Twentynine Palms Marine base — and at least five of the young men drew the surprise of the holiday season.

Members of the Better Citizens Committee, which sponsored the program to bring Marines to Palm Springs dining tables for Christmas dinner, said the Marines were

delivered to El Mirador Hotel in two buses and five cars.
Twelve went on to India, while the rest were picked up by their hosts and taken to Palm Desert, Cathedral City and Palm Springs homes, hotels and restaurants.
However, when the dust cleared, five apparently luckless young Marines were left standing in front of the El Mirador, waiting for their tardy host.

But the Marines' sad outlook brightened to wide grins when two beautiful girls drove up in a shiny new convertible and whisked the boys off to a festive holiday board.

Confused Street

CAMBRIDGE, Mass. — A street that was both one-way and two-way created chaos here. The Cambridge-Somerville city line passed through White Street. But when Cambridge decided to make White Street a one-way street, it neglected to notify Somerville. It was several days before the confusion was ended.

Slym Gym Plans New Location

City Recreation Superintendent Howard Haddock announces that the Slym Gym classes for women that have been held every Monday night at the Playhouse, will be resumed Jan. 8 at a new location which will be announced next week.

These classes are open to all women ages 18 to 80. Betty Royer is the instructor.

Good Alibi

CLEVELAND, O. — When Willard Burton took his stepson, Roger Pennington, fishing in Lake Erie here and was overdue nine hours, he didn't need an alibi. Mrs. Burton, who had notified police when they failed to return, was surprised when her husband showed up with more than 200 white bass. Burton said they were biting so good, he just could not leave.

THREE GENERATIONS of Blackstones participated in the Christmas service in the Community Church of Palm Springs on Tuesday morning. James Blackstone, Sr., father of the local minister, served in China as a Methodist missionary for over twenty years and has seen five of his six children enter into full time Christian service. Rev. William T. Blackstone, who preached the Christmas sermon, was also a missionary in China for 20 years and now is Minister of

Missions in the First Presbyterian Church of Hollywood. Dr. Blackstone's two sons are both in College. James III, a sophomore at Valley College, San Bernardino, and Richard, a freshman at Whitworth College, Spokane, Washington, who is preparing for the Presbyterian ministry. Altogether, 21 were seated around the tables for the Christmas dinner, including two Marines from the Marine Base at Twentynine Palms. Left to right are Richard and Jim Blackstone, James, Sr., William T. Blackstone and James, Jr.

Two Famous Artists to Open Concert Series

Two artists of international renown, Jascha Heifetz, violinist, and Emanuel Bay, pianist, are combining their talents for the opening concert of the Palm Springs Music Society Artist Series at 4 p.m., Sunday, Jan. 6, at the Jewish Community Center.

Heifetz has appeared as soloist with leading symphony orchestras in this country and in Europe. He was in Europe the past spring and summer for five months concertizing and appearing for the British Broadcasting Company in London. Emanuel Bay, who was accompanist for Jascha Heifetz for 20 years, and an artist of first rank, will appear as soloist on the program as well as collaborating with Heifetz.

Effective January 1, 1957, savings deposits at Citizens will earn 2 1/2 per cent.

It is our policy to pay the highest rate of interest possible and still assure maximum safety and availability for savings funds. Should income from high grade loans and investments continue to rise, we shall recognize our obligation to give consideration to a further adjustment in savings rates. Editor's Corner

SOMEONE SHOULD AT LEAST SAY—"THANKS"

The Tramway is dead—long live the Tramway!

Without even a memorial service—or a gathering of mourners—Mt. San Jacinto Aerial Tramway was laid quietly to rest last week. Scarred, bruised and enfeebled by bad luck and pesky foes the "great idea" was given the coup de grace by the California State Park Board. Failure of the Park Board to renew a contract with the Tramway Authority to permit use of land in San Jacinto State Park for Tramway purposes was the death blow. Only formality now remaining is for the State Legislature to sign the death certificate.

Anyway, it must have been a very Merry Christmas for a rugged little band of nature lovers who have always wanted to preserve one of the world's most magnificent views for the enjoyment of their own eyes—and denied this inspiration to millions who could have seen it from the Tramway's top. Less hardy souls will have to be content to view the grandeur of this great mountain from afar since they can no longer hope to be lifted to its lofty heights in the comfort of a tram car.

Long, Sad Story

The story of the would-be tourist tramway—(often incorrectly dubbed a "ski lift") would fill volumes. Since the day Francis Crocker first dreamed of making the thrilling view from one of the most precipitous mountains in North America available to millions, the idea was an inspiration to its advocates and a challenge to engineers. Planned to serve only the inspiration and delights of man, the projected giant was dogged all along the way because it had no more useful purpose.

Launched by the State Legislature (after two unsuccessful attempts), without a dollar to finance obviously needed preliminary work, the Tramway Authority had to depend for its support on the vision and generosity of those who believed in the idea. Perhaps more than a half million dollars for engineering studies and designs, surveys and many other preliminary costs was contributed by individuals, organizations and business firms. The world's most ambitious project of its kind was found to be feasible by the engineers. That it would be a financial success was also predicted by economists after a two-year study.

Handicapped by delays during two wars and constant harassment by the strong "conservationist" lobby, the Tramway Authority was plunged from one crisis into another. All the while construction costs were mounting by the millions. Last known estimates passed the ten-million-dollar mark. From then on advocates could see the hand writing on the wall; the dream was doomed and its opponents were clamoring for the kill.

An All-Year Resort
There have always been a lot of people right here in Palm Springs who did not favor building the Tramway on the grounds that it would create a tourist-mob condition in a high class resort. Most support came from those who believed that this world-wide attraction would make Palm Springs a year-around resort through the thousands who would stop over in the summer months to take "the greatest trip on earth."

With the rapid growth of the area in the last few years, however, more and more people have come to believe that the Tramway would do more harm than good. Perhaps this is the reason there was little moaning at the bar when the Tramway dream put out to sea. Maybe it was because so many people had already given up. At any rate, the news did not seem to come as a great shock to the community.

Just Tram-View Village Remains
One wonders if there was ever before a community-sponsored project in the history of this country on which so many people spent so much time and money—with their dream unachieved. All there is to show for the long struggle are thousands of blueprints, legal documents and legislative measures collecting dust in files from coast to coast . . . and, of course . . . Tram View Village.

For all this time and effort and money someone should at least say "Thanks." The list of benefactors would be long and lustrous.

Perhaps the most disappointed man of all as he read the news last week in his Palo Alto home was former resident, Edward Bacon, who offered to build the Tramway many years ago for \$2,500,000—and has always believed that he could have done it.

'Well—We Give 'Em the Right to Die

THIS SIDE of The Sun

By DON

If Bill can,
So can I.
Step in for Phat,
Or at least try.

Mr. G's column did not arrive on schedule yesterday. Would ordinarily blame the post office department but after the way they feel after the Christmas mail rush think a word of criticism might be the straw that broke the camel's back.

Bill Rashall and Phat exchanged columns yesterday, each reminiscing as to when they first met, and their relations through the years since.

Both were complimentary, reading behind the innuendos. What they say to each other in friendly conversation never could be printed anyway, so they might as well be polite in each other's column.

SEEING AS HOW they reminisced yesterday, think I'll do the same today.

Came here in 1952. Didn't know either Bill or Phat. For that matter, didn't know Fred Weigel either.

Phat went on vacation within a matter of days, and the job of editing fell on me.

Didn't have much to do with William the first couple of days, except he kept offering to help if he could. I gratefully accepted his offer. But he went overboard, and right at press time too. Called to say there was a murder on Ramon Road.

That was the first of several murders which we have covered together, the latest being at 3 a.m., last June 1.

DIDN'T KNOW at the time that Phat had a policy of keeping murder pictures off the front page. So ran two of them that first month back in August of 1952.

Phat didn't say anything when he returned, just reverted to his own policy and what happened—No murders until he left the next summer.

SINCE THEN have become well acquainted with both Bill and Phat, and have grown to appreciate greatly each's ability.

For example, can never understand why Bill started a campaign about telephone service. Everyone has heard that he only uses the receiver for the listening device.

That's sufficient nostalgia for any column, so will now come up to date.

VILLAGERS WERE generous over the Christmas holidays, sharing their Christmas with others.

We had a share in one "sharing" with Gary Friedrich, 4½ years of age, who was going to be short in his Christmas joy.

Local residents, after reading the story in The Desert Sun, were so generous that he had a Merry Christmas even without the funds donated, and these will be used to buy clothing for him as the need arises.

Donors were people of average means, who possibly sacrificed when they gave \$5. One woman commented, "I wish I had seen the story sooner, I could have given more."

Another donation came from a man who has three children of his own, who needed every penny he could get to buy presents for them, but he still found it in his heart to share the happiness his children would have with someone who possibly would not have anything.

It makes me glad I live in Palm Springs. How about you?

INEZ ROBB:

Yes, Virginia

We live in perilous times, all right, and it is no surprise to me to read that the annual consumption of aspirin, the poor man's palliative, is increasing at the rate of 10 per cent per annum. This is almost twice the annual increase in the nation's population.

Yes, Virginia, there is a Santa Claus, but never doubt that he takes aspirin, too. The world trembles at home no less than abroad, and no man knows from what quarter the next cruel blow will fall.

Jackie Robinson to the Giants! The mind boggles at such perfidy on the Gowanus and takes refuge in Lord Lytton's dictum, "Gratitude is a fruit of great cultivation; you do not find it among gross people."

HOW THE BUMS could trade Jackie to the Giants in this season of peace on earth, good will toward men constitutes another day of infamy. As the helmsman of a Doger fan, I have lived through times that have tried the soul when the Bums blew a pennant or missed a world championship, but nothing quite as devastating as this.

As Christmas approaches, the halls of Chez Robb are decked with equal parts of holly and gloom. And I have been surreptitiously spiking the Yule egg with large parts of aspirin.

Dodger fans are a peculiar breed, not exactly without the law but just barely in it, and I anticipated extensive mayhem along the Gowanus when Jackie was bartered away. But even I, an expert on the care and feeding of such a fan, had once more failed to dig the resiliency, the tough fiber and the ultimate loyalty of this motley tribe.

THEY—THE TRIBE—took it lying down. No one stormed Borough Hall or marched on Ebbets Field.

"We are hardened to the slings and arrows of outrageous fate," said the head of Clan Robb, "even if we are not reconciled."

My innocent idea that he might transfer his loyalty to the Giants caused him to recoil as from a viper.

"I take my motto from the Marine Corps," he said, "Sic Semper Fidelis." That is, until they trade Pee-Wee Reese. Come that day— But I fear I cannot repeat in a family paper what he said.

But scarcely had our household begun to absorb the Dodger treachery, when scholars at Princeton University bared evidence that Isaac Walton may turn out to be the greatest literary poacher of this day.

It is possible that Isaac was not only "The Compleat Angler" but "The Compleat Liar" who cribbed much of his great volume on fishing from a much earlier manuscript by an unknown author?

BILL RASHALL

Unedited

Western AirLines flooded the Northwest with 18,000 copies of a story yours truly wrote describing Western's Champagne flight from here to Seattle, San Francisco and back.

Contained in the mailing piece was an invitation from Bill Rashall to visit Palm Springs. Well, I've been getting letters from Seattle, Spokane and Portland, some of them crank letters and others who declare that they hope to make the trip this winter.

Two letters stood out prominently. One is from a labor leader in Seattle who says he will never come down to Palm Springs because our city council voted the "Right to Work" ordinance. Another is mad because our plane did not stop at Portland. Portland was socked in at the time, so was Spokane and no plane could land there.

ANOTHER LETTER states that although the Champagne flight is a nice one, "the next time you come to Seattle, try United Air Lines." What goes with this guy, I wonder? United Air Lines does not fly to Palm Springs.

All in all, we believe that 18,000 letters sent to residents in Seattle, Spokane, Portland and San Francisco is a good bit of promotion for the entire city of Palm Springs in just about anybody's language. And we have Western Air Lines to thank. Of course, my boss kept right on paying my salary while I was having the time of my life on this junket.

E. ROY FITZGERALD, president of the National City Lines, Chicago, and proxy of the corporation which operates El Mirador Hotel, returned rather belatedly to Palm Springs. He arrived Sunday night "and I wasn't feeling so good. But boy, I'm getting straightened out but fast here in Palm Springs."

The last few months must have been tough ones for Fitzgerald. You see, one of the bus companies his firm operates in Alabama was hard hit by the desegregation order of the Supreme Court and the subsequent refusal of col-

orded people to ride in Jim Crow busses. National City Lines was caught in the middle of this disturbance which must have cost that company nothing but plenty of money.

OVERHEARD AT one of the cocktail lounges in town:

Young lady: "You can buy the kisses but you can't buy true love."

Young Lothario in the same place: "The silent sound of you sitting there is music to my ears." What did he mean?

Christmas away from home: The sight of a young lady with a stack of quarters in front of her talking via long distance to her family. Her eyes misty with tears but her voice gay and carressing. The quarters diminished one by one and she had to run to the cashier for more of them in order to pay the toll charges. The door of the telephone booth open, she was heard to excitedly exclaim: "Yes. Oh, yes! Put a plate on the table for me. I'll be right there by rocket plane."

CHIEF OF POLICE August Kettmann: "It was an exceptionally orderly Christmas. Only five drunks in jail Christmas Day and one prisoner charged with driving while drunk. Officers who patrolled the night clubs assisted those who were slightly that way with Christmas cheer into taxicabs with the keys to their automobiles held at the police station. Only one traffic accident due to excessive speed. Nobody hurt."

From a day or so before Christmas our annual flood of visitors started rolling into town. It will remain so until after the dawn of the New Year. The Saddle and Sirolo, Chi Chi, Dunes, Zanzville's where that crazy Ukie keeps the patron roaring with laughter, the Celebrity Room of the Rossmore and Desert Air Hotel reported better than good business.

Sophie Tucker visiting here tells your reporter: "I'm so sorry my schedule would not permit me to return to the Chi Chi this year." She was everywhere in town.

NEW YORK — I can't vouch for these, but . . .

A 9-year-old boy romped boisterously around Santa Claus in the toy section of a store in Dunmore, Pa. (the home town of Umpire Vic Delmore). Finally Santa beckoned the boy over.

The boy's father beamed as Santa whispered something to Sonny.

The boy then rejoined his father—who proudly asked, "What did Santa tell you?"

"He told me," said Junior, "if I didn't quit playing with the toys, he'd break my arm."

ACTRESS-MODEL Nancy Berg relates that a spinster was seized one dark night by a man who stole a kiss. She reported it to police who asked for a description which she couldn't give, as she hadn't seen him clearly. "All I know is he was a Republican," she said. "A Republican!" exclaimed police. "Yes," insisted the spinster. "I know he was because I never had it so good."

An Illinois newspaper built a beautiful new plant—then just discovered its Reference Library had no way to turn on the heat. While librarians shivered, the architect was summoned. He could find no heating connections. But the engineer then produced the blueprints and cocksurely gave the answer. "It's simple," he said. "This is listed as The Morgue. Naturally, we knew you didn't want any heat in a morgue."

The Union Postal Clerk magazine says we mumbling parents don't teach our kids the Lord's Prayer clearly. Children have been heard saying, "Give us this day our jelly bread" and "Lead us not into Penn Station."

SHIRLEY YAMAGUCHI was dancing with Fitzgerald C. Smith (of "Monitor") at the Pierre's Cotillion Room opening of Siberian-born singer Galena and the Dorman Brothers. The Dornans said they plan to produce a movie about New Hampshire called "Midget" and that a relative of theirs in a hospital gets a Get Well card every day—from Blue Cross.

My home town, Rockford, O., pop. 1,000, is near a village called Mendon, which is even smaller. Recently I wrote about B'way actor Max Ellis who came from Mendon. Visiting back home, he found one of the natives had read the piece. "What'd you think of it?" Ellis asked the local man. He looked at the sky, spat into the street, and replied, "Well, he could have said more about Mendon."

THE MIDNIGHT EARL . . . Poor Liz Taylor'll be in the hospital 5 more weeks from that ruptured disc operation—most of the time lying on her tummy . . . Elvis' Jan. 9 spot with Ed Sullivan'll probably be his last. (Just because) . . . Sammy

Davis Jr. and Cordie King busted up. She wed a Chicagoan . . . Monroe's medics warned her again to take it easy. She's "exhausted."

Comparatively unknown Irishman Edward Mulhane, who flew from London to test further as Rex Harrison's vacation sub in "Fair Lady," is (says Alan Jay Lerner) the outstanding candidate so far. Laurence Olivier is "booked till 1958" . . . Sports-caster Bill Stern'll soon be back at ABC . . . A Revlon rock-roller may take over Eddie Fisher's TV time slot . . . TV variety shows will book more and cheaper acts . . . Don't Print That You Rat!

A famous glamour gal who's kept her problem very quiet is about to go GA.

Bob Feller tells friends he's "95 percent sure" he'll try for another season in the majors . . . Rocky Marciano died down to 210 pounds . . . French actress Christine Carriere's next local film will be "Pantaloons," with Fernandel.

Tom Ewell gets the Independent Film Journal's award as top male film comedy favorite . . . Mickey Rooney wants the film and TV rights for the "Sad Sack" cartoon character . . . New duo: Buddy Baer's ex, May Mann, with Dick Cowell . . . Farouk's sister is pawning her jewelry all over Europe . . . Herman Wouk's latest play is a comedy, still untitled.

EARL'S PEARLS . . . Some people know right from wrong till they get out on the highway. Then they don't even know right from left—Rube Rustic.

TODAY'S BEST LAUGH: Lou Brecker's new Roseland will feature a "bus driver's mambo"—all the movement is to the rear.

WISH I'D SAID THAT: Rob't Q. Lewis says women aren't being coy when they don't give their right angles. Many of them honestly can't remember.

George Gobel advised an audience, "On the way home tonight, give a soldier a lift. If you don't see one, pick up a civilian and talk him into enlisting" . . . That's earl, brother.

HOLMES ALEXANDER:

Slow Motion Progress

WASHINGTON, D.C. — At college we had an ancient professor who walked so slowly that a campus wit remarked: "You've got to line him up with a tree to make sure he's in motion." So it often seems with the Eisenhower Administration in its progress away from the party which it twice defeated at the polls.

There are times when you think Harry Truman never left Washington or that Adlai Stevenson won the elections of 1952 and 1956. But there are happier occasions when, if you squint with care and use a fixed object in the background, you can discern motion in the right direction. In the Christmas spirit of charity, and considering that the Administration is on its second honeymoon, it's fair to say that there has been improvement in such areas as:

OVERSEAS EDUCATION: This is not the esoteric subject that it may seem at first glance. Like it or not, we embarked many years ago on a mission to make the world over. Even before the Federal government got into the business, our churchmen, educators, physicians and industrialists were spreading their special gospels in out-landish places. Since World War II the policy makers and do-gooders have committed the government to overseas education as part of the One World movement.

But education in itself is a good thing. The mistake made by the Roosevelt-Truman bunglers was to tie it in with proselytizing and propaganda. The Eisenhower Administration did not immediately forswear this mistake. Indeed, the title of former Foreign Aid Chief Harold Stassen's book, "Man Was Meant to Be Free" is a handy example of the bilge that was piped into the pure waters of knowledge.

Stassen and the early Eisenhower do-gooders preached "freedom" as if it were some magic immunity from the human woes of poverty, ignorance, sickness and weakness.

THE "FREEDOM" from these woes was put forward as an entitlement. Hence, when backward peoples did not rise to wealth, wisdom, health and strength, both they and many of the American do-gooders blamed it on America. You always heard it said that if Congress had been less pinheady and the American public less benighted in isolationism, all would be well with the world or, at least, that Communism would be stopped in its tracks.

Such quackery has subsided in the past two years or so. The post-Stassen head of foreign aid is John Hollister, a law partner, friend and follower of the late Robert Taft. Treasury Secretary Humphrey and Under Secretary of State Hoover have been powerful influences for common sense.

Education of foreigners is now directed toward making them more self-sufficient. In this connection a foreign-aid in Mr. Hollister's office was discussing the role of the students in the Hungarian revolt: "Young people with education are again the government, whatever it happens to be," he said. "It just goes to show that neither we nor the Communies can indoctrinate people by education." There, I contend, is a sample of wisdom that would have been impossible in our Federal government prior to circa 1954.

FOREIGN POLICY: At the current NATO meeting in Paris, Secretary Dulles shocked the British and French by another statement that belongs to the Late Eisenhower period. Dulles,

in effect, reserved the right of go-it-alone for his government. He would not promise, in advance and in all cases, to consult with our allies before taking military action.

This new attitude of independence is the same posture that Mr. Eisenhower struck in the Middle East crisis and in lesser instances of the recent past. It means that, despite the 44 entangling alliances of Acheson-Dulles handiwork, the country is less likely than before to be dragged into other people's wars.

FARM POLICY: Flexible price supports have been with us for more than two years, as a result of Mr. Eisenhower's determination to get rid of rigid supports. Only last summer he voted a bill that would have restored the rigid ones. While this action is more of a paper victory than a substantial one, it points in the right direction.

The soil bank is still unproved, but, again, it is a vague movement toward a desired goal. If the soil bank does succeed in taking land out of cultivation and in restoring our grasslands and forests, it will be no mean accomplishment.

LABOR POLICY: The President's purpose here was to reach the working people over the heads of their bosses. He has succeeded beyond all expectation. The support he received from the working man's precincts last November is possibly the biggest political accomplishment of his administration.

By restoring bipartisanship to the union members, the Eisenhower Administration reversed a trend which the Fair Deal had going toward a Laborite government.

All this is slow progress—but progress just the same.

A CHRISTMAS TREE, hung with red apples and cornucopias of crackerjack, stood in the sunny patio of the George Roberson home Christmas Day, as they entertained at their annual noonday party. Pictured, from left, are, Nellis and Al Hunt, Mrs. Roberson and Mrs. Dolph Obergef. (Desert Sun Photo)

Christmas Day Party Traditional

Continuing a custom which started back in 1922, Alta and George Roberson entertained their friends at a noon day party on Christmas Day at their home at 385 West Tahquitz.

Between the hours of 12 and 2, guests gathered on the sunny patio, for egg-nogs and buffet. A Christmas tree hung with red apples and cornucopias of crackerjack, added a Christmas touch to the garden where roses were in bloom.

Among the guests were the Charles Beckers, Irving Sniders, Al Hunts, P. A. Staleys, George Wheeler and their daughter Bonnie (Mrs. James) Flynn, Commander and Mrs. Maurice Horner, Dr. and Mrs. Henry Dollard, the Edwin Fallgrens, Bob Kenastons, Earl Coffmans, James Hammonds, Peg and Norm Waters, Ralph Wilcox Taylor, Franklyn McManus, Mrs. Noble Banks, Vie and O. E. L. Graves, the Dolph Obergefels, Margaret and S. P. Manasse, the Frank Purcells, Dr. and Mrs. William Elliott.

Also: the Barney Hinkles, Mr. and Mrs. Charles Matthews, Mrs. F. C. Dougherty, the Paul Reynolds (she was Trudy Clamptett), the Casey family, Virginia and Charlie Farrell, and many more.

Houses Get Dreamier All the Time

DAYTON, O. — Home, sweet home of the future gets dreamier each time a new prediction comes out.

Now, one appliance manufacturing company (Frigidaire) has a forecast for the 1976 home, which just about takes the work out of housework.

The home, as seen by Herman F. Lehman, head of the company, will feature the following:

A desk with push button equipment so the home-maker on Monday morning can designate the menu for the week's meals, specify the number of servings for each meal and the time the first course should appear.

A "vending machine" which will heat and automatically serve specially-packaged fresh and frozen foods at the appointed hour; when away from home, the housewife will be able to change the menu or meal time by telephone.

An air-cushion bed which, with the wave of a hand, inflates as it comes from the wall, bringing with it a fresh disposable, silk-textured paper sheet.

A radiant heating panel suspended above the bed, to make blankets unnecessary even on the coldest night.

An overhead television monitor, to let parents keep an eye on the children in the next room.

A television-telephone to make it possible for the homemaker to see the groceries as she orders them, or to see and talk to her husband as he reads the evening newspaper on his way home in his radar-guided motorcar.

A special closet-like device which dry cleans Junior's dirty play clothes, while Junior himself is being washed in a mildly-detergent "fog shower," followed by a spray of atomized oils and warm air blasts for drying.

A dishwasher employing inaudible sound waves to clean, rinse, dry and sterilize dishes, and a range that cooks without getting hot.

Parents of Son

A son was born to Mr. and Mrs. Don Chormicle of 266 South Indian Avenue, at the Desert Hospital on December 22. The baby was born at five a.m. and weighed eight pounds two and one half ounces.

Sally and Paul Orht travelled to El Monte to spend Christmas with his brother the William Orhts.

Kenastons Host Annual Christmas Night Party

Around 85 friends attended the annual Christmas night party given by Billie and Bob Kenaston at their San Lorenzo Road home. This is a custom of many years standing, which the Kenastons started in their Beverly Hills home and have continued in Palm Springs these past two years.

There are certain traditions continued year after year, like the beautiful big pine tree, sprayed with plastic and dusted with duck down, to give an icy-snow effect, the huge punch bowl with its big glass pipette that draws up the punch and dispenses it into the cups, and the Christmas paintings which are the work of the talented hostess.

An array of home made Christmas cookies and candies, and a buffet spread tempted jaded holiday appetites.

The Kenastons' daughter Gail was home and their son Bob Jr.

TODAY'S SPORTS PARADE

By OSCAR FRALEY
United Press Sports Writer
Reg. U.S. Pat. Off.

NEW YORK (AP)—Frale's final follies of 1956 to give you the football bowl "winners"—and I never thought you'd have enough money to last out the year.

ROSE BOWL
Iowa over Oregon State—Here a guy could get highly technical about multiple fractured defenses and compound felonious offenses. That way, everybody would get mad at everybody else, nobody would understand what anybody was talking about and they'd still have the Rose Bowl parade anyhow. To sum it up,—just happen to like Iowa.

COTTON BOWL
Syracuse over TCU—This is a case of when an orange is not an orange and will it pack more safely in cotton. Syracuse, for some daffy reason nicknamed the "Orange," was squashed thoroughly in the 1953 Orange Bowl.

But exhaustive research has shown that Horned Frogs (TCU, yuk-yuk) do not thrive on orange peels like Florida cattle. Now can you give me a better reason for picking Syracuse?

SUGAR BOWL
Tennessee over Baylor—Mother always kept her mad money in the sugar bowl, but that ain't the reason. Remember Davey Crockett was a volunteer. And remember what old Davey did to that thar b'ar in Tennessee. Let 'em carry Bowie knives in the second half and I don't see how Tennessee can lose.

ORANGE BOWL
Clemson over Colorado — The Buffaloes picked up a lot of support when they did just that to mighty Oklahoma for the first half. Then the roof caved in—and now the walls come tumbling down. From a technical standpoint, each team will field 11 men.

GATOR BOWL
Pitt over Georgia Tech—This, undoubtedly, earns me the accolade as the idiot of the week. But I like my lines big, rough and armored. That's Pitt.

SUN BOWL
Texas Western over George Washington — This will be a tremendous encounter between two always - dangerous adversaries. How is that?

TANGIERINE BOWL
Mississippi Southern over West Texas State—Cuz I like tangierines. And where else can you start the year with seven straight losers?

Russell Serves Notice, in NBA League to Stay

By UNITED PRESS
Bill Russell has played in only four professional games but already he is making his fellow players in the National Basketball Association stop and take notice.

The 6-10 Russell, an All-American at the University of San Francisco and a key player on the U.S. Olympic team, set two rebounding records Wednesday night as the Boston Celtics toppled the defending champion Philadelphia Warriors, 120-97, after the Fort Wayne Pistons had beaten the Rochester Royals, 99-93, at the Boston Garden.

Russell grabbed 16 rebounds in the first period for one record and then added six in the second session for a first-half total of 22, another NBA record. Russell wound up the game with 34, only five short of the record, but he fouled out with seven minutes to go.

Dickie Hemric wound up as the high scorer for the Celtics with 27, while Bob Cousy had 21. Paul Arizin paced the Warriors with 25 points.

City Leaguers to Resume Jan. 3

City Volleyball and City Volleyball Leagues will resume play Wednesday, Jan. 3, City Recreation Supt. Howard Haddock announced today.

Play has been suspended during the holiday season as the Palm Springs High School gym floor is being refinished.

During the two weeks of league inactivity, several out-of-town exhibition games have been scheduled, Haddock said.

Gymkhana Set at SMC Stables

Lisle Nixon of the Shadow Mountain Stables in Palm Desert said today that a holiday gymkhana will be held at the Shadow Mountain Stables next Saturday at 1 p.m.

Giants, Bears Top All Stars

NEW YORK (AP)—The New York Giants and Chicago Bears who clash Sunday for the National Football League championship, today filled nine of the 22 positions on the 1956 United Press All-Star professional team.

New York, the Eastern Division champion, captured five berths. The Bears, who won the Western crown from the Detroit Lions in their final regular season game Dec. 16, placed four men on the mythical two-division team.

DETROIT, WHICH was in first place until it dropped a 38-21 decision to the Bears in that bitterly contested game, won five berths in the voting by 23 sports writers who covered the campaign in the various league cities.

The Chicago Cardinals, Washington Redskins and Green Bay Packers each placed two men on the team while the Pittsburgh Steelers and Philadelphia Eagles each won one berth.

THE LOS ANGELES Rams, Cleveland Browns, Baltimore Colts and San Francisco Forty-Niners failed to land a man on the first team.

The Giants placed halfback Frank Gifford and tackle Roosevelt Brown on the offensive platoon and end Andy Robustelli, tackle Roosevelt Grier and halfback Emel Tunnell on the defensive unit.

End Harlon Hill, guard Stan Jones and fullback Rick Casares

on offense and middle guard Bill George on defense were the Bears who won berths on the first team.

DETROIT PLACED quarterback Bobby Layne, tackle Lou Creekmur and center Charlie Ane on the offensive unit and linebacker Joe Schmidt and safetyman Jack Christiansen on the defensive platoon.

Halfback Ollie Matson of the Cardinals, end Bill Howton of Green Bay and guard Dick Stanfel of Washington rounded out the offensive eleven. The others who won places on the defensive unit were end Gene Brito of Washington, tackle Ernie Stautner of Pittsburgh, linebacker Chuck Bednarik of Philadelphia, halfback Dick Lane of the Cardinals and safetyman Bobby Dillon of Green Bay.

Shaw Promises Wide-Open Offensive Game Saturday

SAN FRANCISCO (AP)—The wildest football offensive show since Texas publicized the aerial circus is promised by Head Coach Buck Shaw of the West team for the Shrine classic here Saturday.

Shaw not only has the country's top passing ace in John Brodie of Stanford, but he has other offensive minded plans to go with the air attack.

"WE'LL GO MOSTLY for end runs when Brodie isn't passing," says Buck, the one-time pro grid master who now coaches the Air Force Academy at Colorado Springs.

With passing end runs mixed and the old line charges up the middle eliminated, this may become the finest offensive show ever to be offered by college boys on television.

Shaw thinks he has good receivers and very good blockers for his end positions in Pete O'Garro, the towering 219-pound end from UCLA; Tom Gentry of Southern Methodist; Jerry Riston of Utah and Carl Isaacs of Stanford.

"WE ALSO HAVE a lot of speed in our backfield, enough to run the flanks," he points out. "Jon Arnett

of Southern California, Herb Jackson of California, Jack Hill of Utah, and Dean Derby of Washington all break away fast."

Of course, a lot of this plan of strategy may be just talk. Shaw isn't the type of coach who goes around telling the opposition just what he plans to do. He isn't that confident.

And it is probable that a lot of the strategy will depend upon just how much ball control the West can maintain, if any.

"BUT OUR BEST chance will be running to the outside," says Buck. "I can't see how our boys will have much chance putting a dent in that tough East line. From tackle to tackle, it is about as rugged a group of boys as I've ever seen."

The tackles on the East team are J. T. Frankenberg, 226, Kentucky; Bob Owens, 240, Minnesota; Don Owens, 250, Mississippi Southern; and Mike Sandusky, 240, Maryland. Guards include Jack Davis, 200, Maryland; James Howler, 203, Navy; Jim Parker, 245, Ohio State; and Sam Valentine, 195, Penn State. The centers are Dave Kuhn, 225, Kentucky, and Wilson Whitmire, 200, Navy.

MORRISON ON GOLF No. 5 Wood Good for Some Golfers

By ALEX J. MORRISON
Author of "A New Way to Better Golf," Teacher of Champions

THE PROLIFIC sports writer, though covering many and varied subjects, occasionally finds time for his own personal interests. It's about these interests that he talks when foregrounding with other scribes at events like the Apple Valley Clubhouse, a pro-am golf tournament, staged recently in the desert spa near Victorville, Calif.

The two-day competition was played 18 holes each day over the Apple Valley club's par 71 championship course.

Foursomes included one of the country's top pros, two club members and one representative of the press. Don January won the individual pro cash with his total for 36 holes of 130. Three foursomes including pros Don January, Dow Finsterwald and Bob Paluzzi tied in the pro-am division.

"Guess they called it a clam-bake on account of the press or because there isn't a clam within a hundred miles," remarked Braven Dyer, the popular Los Angeles sports writer.

Knowing that Braven likes his golf I asked: "Aren't you going to hit some practice shots before starting out?" He replied: "It doesn't take any practice to play as bad as I do."

WHILE DYER covers almost every sport, his participation generally is limited to golf. His ease in holding a practice putt led to the subject of aces. "No, I've never made a hole in one, but I've had a couple of deuces," he said. "On Bel Air's 360-yard ninth hole, with its uphill fairway, my drive left me with a second shot of at least 160 yards to the fairly narrow green, well guarded by sand traps and a

California sports writer Braven Dyer sinks a practice putt before starting in pro-am tourney at Apple Valley. Dyer is one of many players benefitting from use of No. 5 wood club. It replaces long iron, brush-covered hillside. But I used a No. 5 wood club and easily carried onto the green so that my ball rolled straight into the cup."

Braven wondered if it was proper for certain players to use a No. 5 wood club. "Golfers first played with nothing but wood clubs of different lengths and lofts," I told him. "Where a player is consistently short off the tee and feels unable to master long irons he should try a five wood club. Many players have been able to swing this shorter and more lofted wood club with more confidence and thereby get results much better than they had been getting with long irons."

THE FRIENDLY FEELING being expressed above at pre-game ceremonies in Miami last night was forgotten a few minutes later as the North All Stars rolled to a 17-7 victory over the South squad. Shaking hands are Ed Gray of Oklahoma and Charlie Hutchins of Miami.

Willie Pastrano, Patterson Title Bout Proposed

MIAMI BEACH, Fla., (AP) —

Promoter Jim Norris suggested today a February heavyweight title fight at the Miami Orange Bowl, in which the challenger would be young Willie Pastrano, who "pitched a shutout" against Charley Norkus here Wednesday night in their TV-radio 10-rounder.

Norris said he might be able to sell 21-year-old Floyd Patterson and his manager the idea of defending the newly won heavyweight crown against 20-year-old Pastrano in February, instead of waiting until June to fight Tommy Hurricane Jackson.

Scoring on a 10-points-most system, not one of the three ring officials gave veteran Norkus of Port Chester, N.Y., a single round—or an even round in the dull bout.

Arcaro Starts With Stakes Win

ARCADIA, (AP) — Jockey Eddie Arcaro got off to a good start at the opening of Santa Anita Park's winter meeting and recorded his 416th stakes win of his career.

The ace jockey booted home Porterhouse Wednesday in the \$20,000-added Palos Verdes Handicap at six furlongs before an opening day crowd of 33,500 racing fans.

Llangollen Farm's Porterhouse won the six-furlong feature by a length and a quarter over Johnnie Mike. Scent finished strong for third in front of Blessbuhl.

Porterhouse, a winner of four stakes over the past four seasons here, was clocked at 1:10 1-5 and returned \$7.

Jockey Johnny Longden rode two winners on the day's program—Perfect II in the fifth and Ode in the eighth. The double brought his record lifetime total of victories to 4,967 victories.

Aragon Report to Be Presented to Jury Today

LOS ANGELES, (AP) — Investigation reports by San Antonio, Tex., officials concerning the alleged attempted "fix" of an Art Aragon and Dick Goldstein fight were to be presented to the county Grand Jury today.

Police Chief William H. Parker said he asked Texas authorities to send him copies of their reports on the matter.

Parker and Dist. Atty. William B. McKesson started an investigation after Goldstein charged that Aragon had offered him \$500 to lose the match. The Golden Boy, suspended as a boxer in Texas following Goldstein's charge, denied any such attempt. The fight never was held.

Loi Defends European Title

MILAN, Italy, (AP) — Duilio Loi of Italy, the European lightweight champion, successfully defended his title against Spanish challenger Jose Hernandez in a dull 15-round bout Wednesday night.

Loi scaled 135 pounds, while Hernandez weighed 134½.

Castro to Meet Tibbs Saturday

HOLLYWOOD, (AP) — Manny Kid Castro of Guam has been signed to replace Lauro Salas against Tommy Tibbs in Saturday night's 10-round main event at Legion Stadium.

Matchmaker Jackie Leonard disclosed Wednesday night that Salas was forced to withdraw from the bout because of a cut under the eye suffered in training. Castro and Tibbs will square off as lightweights.

All American Tom McDonald Leads North to 17-7 Victory

MIAMI (AP) — Jumping Tommy McDonald showed 39,181 fans in the Orange Bowl Wednesday night why he is an All-America as he led the North to a 17-7 victory over the South in the annual Shrine college all-star football classic.

McDonald set up one touchdown with a pass and led the Yankees on an 86-yard drive in the closing minutes of the game which was turned into a 13-yard field goal by Michigan quarterback Jim Maddock.

SPORTS WRITERS chose McDonald as the North team's most valuable player. A similar award for Dixie honors went to Wake Forest fullback Bill Barnes.

Michigan's Mike Rotundo grabbed a fumble on the South 25 to set up the first score in the second period. Michigan State halfback Dennis (The Menace) Men-

dyk ran to the 19 from where Purdue quarterback Len Dawson hit Michigan State and Jim Hinesy in the end zone. Dawson made the first of his two conversions.

"Trapped on a reverse at mid-field, McDonald leaped and threw to Mendyk on a play that covered 37 yards. From there, Oklahoma's Jimmy Harris tossed to Indiana end Bob Fee for the touchdown.

The South averted a shutout in the third period, going 22 yards in seven plays after Florida halfback Jackie Simpson intercepted a pass by Dawson. Duke's Sonny Jurgensen flipped a fourth down, four-yard pass to Mississippi halfback Ed Crawford for the score. Mississippi fullback Paige Cothren converted.

Hoad, Rosewall Crush U. S. Davis Cup Hope, Win Again

ADELAIDE, Australia, (AP) — Mighty Aussies Lew Hoad and Ken Rosewall started poorly and then crushed America's age-and-youth team of Vic Seixas and Sam Giammalva, 1-6, 6-1, 7-5, 6-4 today to retain the Davis Cup, symbol of world tennis supremacy.

The triumph in doubles while a crowd of 18,000 applauded in hot, sunny weather gave Australia an unbeatable 3-0 lead in the best-of-five series and made Friday's final two singles matches meaningless.

IMMEDIATELY AFTER the crushing defeat, U.S. team Captain Billy Talbot announced that he probably will give up that post. He said his retirement would be for "business" reasons, but admitted that America's future cup hopes are "not too rosy."

Talbot and his game Yanks gave it all they had in today's finale, but they simply weren't good enough to handle blond Hoad and dark-haired Rosewall. The 22-year-old Giammalva of Houston, Tex., playing in a Davis Cup challenge round for the first time, played his best game ever but the 33-year-old Seixas of Philadelphia was obviously off form.

ROSEWALL, TOO, was sub-par but after the first set, that didn't matter because Hoad was at his brilliant best — booming over a cannonball service the Yanks could not handle, hitting pinpoint placements, and making "impossible" saves.

After a 1-1 tie in the first set, Seixas and Giammalva got hot and ripped off six straight games while the crowd in the four steep grandstands of Memorial Drive Stadium sat stunned.

BUT THAT WAS IT for the Americans, except for game, vain efforts in the third and fourth sets. The Aussies whizzed through the second set on a six-game and then came to the verge of victory by breaking Seixas' service in the ninth game of the fourth set when Vic netted two lobs.

Bulldogs Edge Indians, 52-49

By LINDSAY NIELSON

The Palm Springs Indians were wrangled out of a solid birth in the annual Christmas Banning "Block B" tournament yesterday, 52 to 49, by a fast moving Calexico Bulldog squad.

Calexico used a very effective fast-break pattern which completely broke apart the Warrior defense. With their speed the Bulldogs hunched to an early masterful lead of 8-2 before the Indians realized their excellent offense.

The summary:
THE LOCAL FIVE soon caught on to the Calexico offense and their treacherous full-court press defense though, and at the half tied the score at 25-25.

Coach Al Kazmier expressed his

disappointment in the failure of the use of the many play patterns that had been drummed into his players heads. The full court press of the Bulldogs successfully broke up all play attempts the Indians attempted.

Curtis Roberts led the scoring for both team and game honors with 14 tallies. Sam Jones trailed with 12 and John Warren next with 11. Today the Redmen face Perris High in the consolation bracket. Perris lost to Holtville 61 to 27 in the preliminary round.

The summary:
(49) Palm Springs Calexico (49)
(8) Tarr Carrillo (12)
(12) Jones P Anarillo (10)
(11) Warren C Rogers (9)
(14) Roberts O Alaraga (1)
(4) Beck G Paul (10)
Shooting Subs: Calexico, Velasquez (2), Moonchua (4), Tufts (8), Co-A (2), Charles (1).

Whitewater Seeks Upset Win in TV Bout

LOS ANGELES, (AP) — Archie Chief Whitewater, San Francisco, seeks his second straight upset victory tonight when he squares off against Don Jordan in the 10-round locally televised main event at Olympic Auditorium.

Jordan, former California lightweight champion, has been tabbed to enter the ring as a 2-1 favorite. The 21-year-old local brawler in his top bouts this year stopped Paddy DeMarco and lost decisions to Jimmy Carter and Orlando Zulueta.

The 29-year-old Whitewater has been fighting as a professional since 1948. He stopped Joey Dorando in a major upset only three weeks ago at the Olympic.

Iowa Gets 'Work, No Play' Order

PASADENA, Calif., (AP) — Coach Forest Evashevski laid down an "all work and no play" ruling today for the Iowa football team as he fought the possibility of his team "going Hollywood" prior to the Rose Bowl game.

Parker Wins 2-Year Contract

DETROIT, (AP) — Detroit Lions Coach Raymond K. Buddy Parker, most successful coach in Detroit history, gained another victory Wednesday when he got the club's board of directors to give him a two-year contract.

Village, SMC Polo Teams Split in Weekend Play

Palm Springs beat the Shadow Mountain Club Saturday in a polo match at the Palm Springs Polo Grounds 16-11, only to come back on Sunday and lose 10-3 in second day play.

Teams were Guy Campbell, Frank Bogert and Bill Mayberry for Palm Springs; and Lisle Nixon, Dave Brown and Bill Morre for the Shadow Mountain Club.

In a preliminary game Sunday, the White team beat the Green team 14-10. Sunday's games were the best attended of any matches held to date.

Matches will be played next Saturday at the Palm Springs Polo Grounds, and on Sunday they will move to the air strip at Desert Air Hotel.

Machen Given Progress Award

NEW YORK, (AP) — Heavyweight Eddie Machen of Redding, Calif., muscular and explosive, was named "the most progressive" fighter of the year today by Ring Magazine.

Unbeaten Machen was selected for the honor because in 1956 he stretched his winning string to 19 straight, including 14 knockouts. In his second year as a professional he became the fourth-ranked contender.

The magazine also agreed with the Boxing Writers' Association in naming heavyweight champion Floyd Patterson "fighter of the year" because of his impressive title victory over Archie Moore.

Predictions of Headlines In Future Told by UP Men

By CHARLES M. McCANN
United Press Staff Correspondent

The resignations of Clare Boothe Luce as ambassador to Italy and Dr. Martha Eliot as head of the Children's Bureau have whittled down the number of women holding top administration jobs.

Mrs. Adkins, a friendly brunette from Salisbury, Md., rules out only one possibility — says she hasn't enough money to hold a diplomatic post.

Shocked British church and civic societies are getting ready to let loose a blast against an official government report, due soon, on prostitution and homosexuality.

Conclusions in the report are supposed to be top secret. But it's leaked out that they include: 1. Prostitution, legal in Britain if the woman does not actively solicit or cause a disturbance, will remain legal. 2. Homosexuality will be more or less condoned officially provided it does not involve soliciting or public nuisance.

Fireworks are in prospect when the Chicago Bears and the New York Giants play for the National Football League championship Sunday. The Detroit Lions have accused the Bears of playing "deliberately dirty" football.

The Bears are rated one of the league's cleanest-playing teams. But if the going gets rough, they'll be in there. A savage tussle, in which nearly anything goes, is expected.

The Bears should win, with their stronger all-round team, even though they had to rally to get a 17-17 tie with the Giants last month.

Thank You Note
Bertha Adkins, assistant chairman of the Republican National Committee, is being boomed for an important government post. It's partly a "thank you" for her campaign work, partly because of the

need for a new petticoat appointment.

The annual Christmas Eve egg-nog party was given at Shadow Mountain Club. This is an informal gathering of old friends who gather before the yuletide blazng fire. An opportunity for a few moments of relaxation after the hectic days that always come before the holidays.

The Christmas wedding of Miss Karen Andrews and Robert Bergquist took place Sunday evening, Dec. 23. The Palm Desert Community Church was beautifully decorated. Miss Winette Andrews, was the maid of honor, while Mrs. Carl Coleman and Miss Jackie Andrews were the bridesmaids.

The best man was Carl Coleman, while Richard Cammock and Frank Watson were ushers.

Holiday guests at Sage and Sun are Mr. and Mrs. E. J. Bridge-man, the J. McLellans, S. J. Peterson, J. Williams, T. J. Swains, D. S. Kemps and Mr. and Mrs. C. Wahl and daughter of Spokane, Wash.

Mrs. Eleanor Germeaux and Mrs. Helena Wise, a famous artist who resides at Thomas Mountain, were Christmas dinner guests of Mr. and Mrs. L. C. Cotner.

The Palm Desert Woman's Club held its annual Christmas party in the home of Mr. and Mrs. Wilber Bear on Pinyon Street. The ladies who served the dessert luncheon were Mrs. Evelyn Sahland, chairman, Mrs. John Fitzgerald, Forrest Bower, Edna Value, Harry LaFargue, Herbert Shaw, Robert Coates, Elise Burt and Lois Gardner. Ed Gardner provided accompaniment for carol singing. A silver offering was collected by a rollicking Santa Claus (Mrs. Sahland) and the money was turned in for needy families in the Coachella Valley.

Mr. and Mrs. D. C. Heyl and

Palm Desert

By GRETCHEN CHEESEMAN

Mrs. Wilfred Humberstone of Woodstock, Ontario, and Miss Margaret Abbott of Nottingham, England, who have been guests of the L. C. Cotners for two weeks, left on Thursday to spend Christmas in the East. Many affairs were given in their honor, and a buffet supper given by Mrs. Harriet Homer was a "goodbye" affair.

Over 300 children, parents, grandparents and others enjoyed the warmth and hospitality of the annual Christmas Children's party at Shadow Mountain Club. In addition to the usual fun, group games, living Christmas pictures were the feature of the party. Kai Farrell, world renowned juggler and new Palm Desert resident, did a masterful job with his exciting tricks. Also in the presentation were Joe Lantz, Barney Lantz and Bill Skiles, who did their usual excellent entertaining. Miss Betty Crockett and Lou Kuehner coordinated the plans for the party, which was the largest attended Children's Christmas party.

Mrs. Hudson Werder had many interesting guests at Shadow Mountain Terrace over the Christmas weekend. The Earl R. Couchs, Doug Allens with their son, Tony, from Vancouver, B.C. Mr. and Mrs. Lloyd Thomas, Mr. and Mrs. F. C. Newmuth, the H. L. Shoemakers, C. C. Parks and Mr. and Mrs. J. Fahn.

Mr. and Mrs. Joe Allabaugh and their daughter, Karen, are spending the week with Mr. and Mrs. Edgar Sergeant. Karen is a Junior at UCLA and is enjoying the desert days away from studies.

Mr. and Mrs. Roy Frantz of La Jolla, who have many friends here arrived Friday to spend at least 10 days here. The Bill Bibeas dined with the Frantz on Christmas day.

Dave Self Aids in Planning Scout Meet Jan. 25-27

Explorer Scout David Self of Palm Springs will be one of seven members of a committee to plan the Riverside County Council's Explorer Citizens Now Conference Jan. 25, 26 and 27 at March Air Force Base. Scouting officials announced today.

Purpose of the three-day event will be to conduct a survey as part of a national plan to determine what young men, age 14 to 18 years old, think their specific responsibilities of citizenship in the home and community are now, and to focus attention on the fact that there is no miracle age at which they suddenly leave the stage of preparation and become active citizens.

Self will be in charge of arrangements for the discussions. Each Explorer Unit and Scout Troop in the Council is being asked by special invitation to send young

Yule Greetings From Northwest Come by Hawaii

Christmas greetings from the State of Washington, via Honolulu, and still arriving before Dec. 25.

This was the experience of Mrs. Wayne Fields, 2285 Bisnaga, who told today of a Christmas card being mailed from the State of Washington, and in some way going by way of Honolulu. And the address was printed too, she added.

5 years of urgent . . . PROGRESS

The 26 cities and towns served by California Water & Telephone Company in Los Angeles, Riverside and San Bernardino Counties have experienced the most spectacular growth of any in the nation. Naturally, during this time, demands for telephone service have increased rapidly and in great volume.

To meet public requirements for added telephone service we have had to spend during the last five years more than \$30,000,000. This amount is more than 2 1/2 times greater than the entire plant investment at the beginning of 1952.

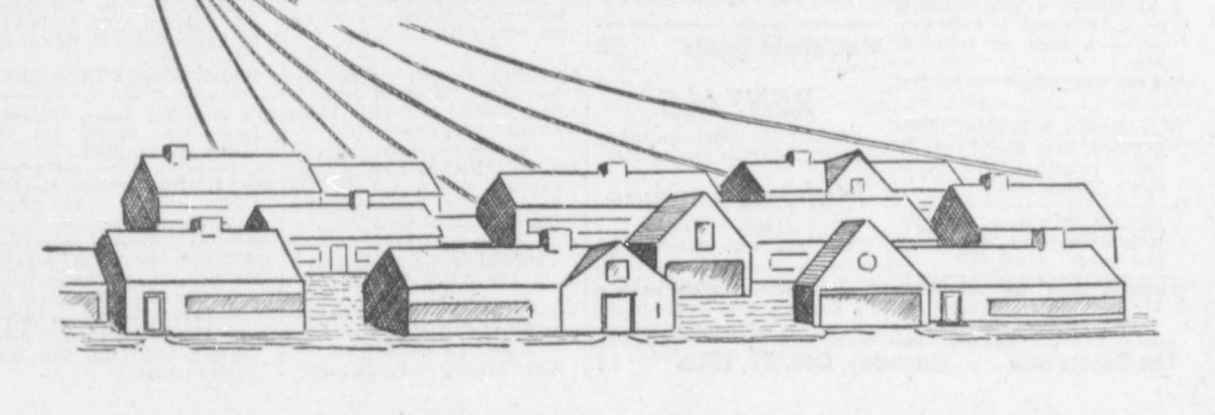

THE FIVE-YEAR PROGRESS RECORD
As Indicated By These Sums Spent To Expand Facilities

In 1952	3,800,000
In 1953	4,500,000
In 1954	5,300,000
In 1955	6,200,000
In 1956	10,800,000
And In 1957	13,000,000

As these figures show, if we are to continue to provide the best of service we must have \$13,000,000 additional money for our 1957 construction program and to achieve the tremendous service potential of the future, we will undoubtedly need as much—or more—each year for the next few years.

To get this money it is imperative that we be financially strong enough to attract new investors. This strength can be maintained only by adequate earnings.

Our subscribers want and deserve the best in telephone service and newcomers want telephones as quickly as they can get them. We are going forward with our program of construction in order to give everyone what he wants as fast as possible.
